COVID-19 & DEMENTIA: A WEBINAR SERIES FOR HEALTHCARE PROFESSIONALS

Presented in
partnership with
the Finger Lakes
Geriatric Education Center

The COVID-19 pandemic fundamentally changed the lives of many people living with dementia and their caregivers. These webinars will look closely at approaches to care during the pandemic and what we know about brain changes caused by COVID-19. **FREE REGISTRATION** at **800.272.3900** or <https://bit.ly/AlzCOVID>.

April 15 | 8-9 a.m.

Challenges and Practical Approaches to Dementia Care during COVID-19

Objectives

- Share common and unique challenges in delivering care to people living with dementia during COVID-19 pandemic
- Explore lessons learned in dementia care during the COVID-19 pandemic
- List strategies to support dementia diagnosis and care in primary care
